

First Aid & CPR

Certification and Refresher Training

Learn and Live

Healthcare Providers

Basic Life Support training reinforces healthcare professionals' understanding of the importance of early CPR and defibrillation. This course is often required for entrance into academic nursing programs. Students receive a course completion eCard that is valid for 2 years.

Heartsaver CPR & First Aid

Certified American Heart Association's First Aid, CPR and AED learning programs help to increase survival rates by training people just like you to respond quickly. Students receive a course completion eCard that is valid for 2 years.

Corporate Training

Do you need to train a large number of employees in first aid and/or CPR AED use? AHA's classroom learning courses are designed for anyone with little or no medical training. Contact the Customized Training Center at ATCC for more information at 320-762-4406.

Basic Life Support (BLS) CPR for Healthcare Providers

The American Heart Association (AHA) designed the BLS Course to teach healthcare professionals how to perform high-quality CPR individually or as part of a team. BLS skills are applicable to any healthcare setting. BLS students will learn rescue techniques for adults, children, and infants. **This course is often required for entrance into academic nursing programs.**
