Introduction to Alexandria Technical and Community College

Alexandria Technical and Community College (ATCC) is a comprehensive public two-year college that is part of the Minnesota State Colleges and Universities (Minnesota State) system. The college, located 140 miles north of Minneapolis in West-Central Minnesota, functions as an integral part of Alexandria and surrounding communities by providing education and support for students and businesses. This relationship is the cornerstone of quality for ATCC.

The college has emerged as a national leader in teaching the highly skilled requirements of occupations supporting industry, health, and government. Responding to emerging technologies across all occupational areas, college curriculum has evolved from focusing on repetitive tasks to integrated technologies that function and communicate across flexible and changing systems. The shift has required the adoption of higher-level math, science, and language arts as an integral part of the learning experience for success in all technical occupations from health to transportation. Linking technology with transferrable general education provides increased options for students and the community. To accommodate this student need, in 2010, the college was approved by the Minnesota State Board of Trustees and the Higher Learning Commission to award the Associate in Arts degree. While the college has offered its own general education since 1990 and has offered the AA degree through a joint agreement with Bemidji State University, the college had been limited by Board policy to the AAS and AS degrees prior to the mission change. The mission change also required a name change to reflect the status of a “technical and community college.” The College’s mission, vision, and statement of values are listed below.

Mission

The mission of Alexandria Technical and Community College is to create opportunity for individuals and businesses through education, innovation, and leadership. The college's high-quality technical and transfer programs and services meet their needs, interests, and abilities and strengthen the economic, social, and cultural life of Minnesota's communities.

Vision

The vision of Alexandria Technical and Community College is to be the premier institution of career preparation and comprehensive lifelong learning.

Statement of Values

Alexandria Technical and Community College is committed to the following values.

We are...

...passionate about creating a culture of excellence, innovation, and learning that challenges and empowers students and employees to achieve their highest potential.

...a learning community built on a proud legacy of career and technical education.
...committed to the social, intellectual, cultural, professional, and personal growth of all members of our community.

...partners with business, economic, governmental, and educational entities.

...providers of relevant career preparation, transfer pathways, and lifelong learning.

...proud of our stewardship.

Report Introduction

In 1990, Congress enacted the Crime Awareness and Campus Security Act of 1990 (Title II of Public Law 101-542), which amended the Higher Education Act of 1965 (HEA). This act required all postsecondary institutions participating in HEA’s Title IV student financial assistance programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998, 2000 and 2008. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a student who was slain in her dorm room in 1986. It is generally referred to as the Clery Act and is in section 485(f) of the HEA.

On March 7, 2013, the Violence Against Women Reauthorization Act of 2013 (VAWA) (Public Law 113-14) was signed into law. VAWA includes amendments to the Clery Act. These changes require institutions to disclose statistics, policies and programs related to dating violence, domestic violence, sexual assault and stalking, among other changes.

Campus Security

Alexandria Technical and Community College encourages all students and college community members to be fully aware of the safety issues on campus. The College encourages all students and staff to act to prevent and to report illegal and inappropriate activities. Personal awareness and applying personal safety practices are the foundation of a safe community.

Alexandria Technical and Community College’s Safety and Security Department is recognized as the primary campus department responsible for providing security services for students, faculty, staff and campus visitors. The department is comprised of fulltime professional and part-time student officers. The department’s employees are not licensed police officers and do not possess the power of arrest or enforcement authority as defined by the Minnesota State Statute. The security officers have jurisdiction to operate on Alexandria Technical & Community College’s owned or controlled property. Alexandria Technical & Community College does not have any noncampus student organizations.

The Alexandria Police Department provides fully licensed police protection for Alexandria Technical and Community College. ATCC’s Safety and Security Department has developed a working relationship with the Alexandria Police Department that allows for immediate response to all crimes, emergencies, or requests for service generated by the campus. ATCC maintains a written Memorandum of Understanding with the Alexandria Police Department for the investigation of alleged criminal incidents.

Pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC 1092 (f)), Alexandria Technical and Community College’s Safety and Security Department monitors criminal activity, compiles all required information and statistics for and publishes this report, maintaining a three-year statistical history of select crimes and incidents that occur. The statistics are gathered from four specific geographic areas; 1) campus, 2) residence halls (subset of campus if applicable), 3) non-campus property or
institutions sanctioned buildings or property and 4) public property that is adjacent to campus, and are submitted on an annual basis to the U.S. Department of Education.

Statistics are collected using incident reports and from other reporting authorities including, but not limited to, local law enforcement agencies and officials of ATCC who have significant responsibility for student and campus activities. These college officials are known as Campus Security Authorities.

Alexandria Technical and Community College publishes the Annual Security Report by October 1st of each year. This report is distributed to all potential students on the college application form and prospective employees on the job announcement via direct link to the report. All current students, faculty and staff are sent an email that briefly describes the report and also contains the exact Internet address where the report can be found. Printed copies of this report are available, at no cost, upon request from the Safety and Security Department. This report is available on Alexandria Technical and Community College’s website at https://www.alextech.edu/about-atcc/safety-security/campus-crime-security-statistics.

Alexandria Technical and Community College reports all criminal activity to the Alexandria Police Department by reporting incidents directly to their office. All crimes or potential crimes that are reported to the campus Security Department are forwarded to the Alexandria Police Department. It is ATCC’s position that all campus community members are responsible for reporting any criminal activity they become aware of to the Security Department in Office 108 of the Main Building or by calling 320.762.4415.

Alexandria Technical and Community College has policies and procedures relating to campus security, and it expressly reserves the right to modify them or adopt additional policies or procedures at any time without notice. Such changes may appear in successive issues of this report.

Voluntary Confidential Reporting

What if I want to make a report, but I don’t want the college to take action or file a police report?

If you are the victim of a crime and do not want to pursue action through the college disciplinary process or through the criminal justice system you may still wish to file a report to ensure that the crime is included in the annual crime statistics. You may file this report with the Safety Coordinator, or anonymously on the ATCC website using Alexandria Technical and Community College’s Sexual Misconduct Reporting Form at [https://forms.office.com](https://forms.office.com), or with any of the persons listed under the heading “Campus Security Authorities.” Campus Security Authorities and will forward any crime report to the Safety and Security Department for inclusion in the campus crime statistics. Reports made in this manner can be made anonymously and do not have to include the reporting party’s information. While we cannot guarantee confidentiality, we will make every effort possible to maintain it to the extent allowable by law. The purpose of reports made in this manner help the Safety and Security Department to more accurately assess and track the nature of crime in the area of the campus. If a crime is determined to pose a serious or on-going threat to the campus community the college reserves the right to investigate the report to the extent possible with the information available. Internal Public Safety reports may be shared with other departments on campus as necessary to complete an investigation and/ or to ensure the safety of the campus community. Depending on many factors of crime reporting ATCC may or may not hold reports of crime in confidence and may be required by law to release information based on the events or nature of the crime. Additionally, ATCC is obligated to notify the campus community of any crimes which pose a serious or on-going threat to the campus community. The campus is notified of these events via timely warnings, or “Crime Alerts.” Any crime alert made will not identify the reporting person or victim. Voluntary confidential reporters will never be required to file a police report.
Alexandria Technical & Community College encourages pastoral and professional counselors on our campus to inform the individuals that they are counseling, if and when they deem necessary, of this procedure to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

**Daily Crime Log**

Alexandria Technical and Community College has a Security Department, and therefore maintains a written daily crime log. The crime log records by date the crime was reported, any crime that occurred within ATCC’s designated Clery geography and that is reported to the Security Department. The crime log discloses specific information about criminal incidents, not crime statistics. The information in the crime log contains the nature, date, time and general location of each crime and disposition of the complaint, if known. The log has a more specific location focus than the statistical disclosure and is designated to disclose crime information on a more timely basis. ATCC MUST make an entry or an addition to an entry to the log within two business days of the report of the information to the Security Department, unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim.

ATCC may withhold information required if there is clear and convincing information that the release of the information would:

1. Jeopardize and ongoing criminal investigation or the safety of an individual,
2. Cause a suspect to flee or evade detection, or
3. Result in the destruction of evidence.

ATCC may disclose any information withheld once the adverse effect described above is no longer likely to occur. ATCC can withhold only that information that would cause the adverse effect.

ATCC makes the crime log for the most recent 60-day period open to public inspection during normal business hours. ATCC must also make any portion of the crime log, older than 60 days available within two business days or a request for inspection. The request must be made to the Safety Coordinator at 320-762-4415.

**Missing Student Policy**

**Foundation Hall - Missing Student Policy and Procedures**

The purpose of this policy is to establish procedures for the Foundation Hall’s response to reports of a missing student, as required by the Higher Education Opportunity Act of 2008. This Foundation Hall policy applies to students who reside in Foundation Hall.

For purposes of this policy, a student may be considered to be a “missing student” if the person’s absence is contrary to his/her usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include a reasonable/reliable report or suspicion that the missing student may be endangered. Examples include, but are not limited to, possible victim of foul play, expression of suicidal thoughts, alcohol or other drug abuse, a life-threatening situation, or recent contact with persons who may endanger the student’s welfare.

If at any time a student, faculty or staff member becomes aware or suspects a student is missing for 24 hours, report immediately to Alexandria Technical & Community College’s Safety and Security Department and the Alexandria Police Department, unless law enforcement was the agency that made the determination that the student was missing. Any missing student report by any other Campus Security Authority will be referred immediately to the Safety and Security Department and the Alexandria Police Department.
The Alexandria Police Department can be reached at the following phone numbers:

**Alexandria Police Department**

Emergency – 911

Non-Emergency – 320.763.6631

I. Procedures for designation of emergency contact information

a. Students age 18 and above and emancipated minors.

Residential students will be given the opportunity, upon check in to Foundation Hall, to designate an individual or individuals to be contacted by the Foundation Hall no more than 24 hours after the time that the student is determined to be missing in accordance with the procedures set forth below. The student’s contact can, but does not need to, be their general emergency contact. This contact information will be registered confidentially. It will be accessible only to authorized campus officials and it may not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation. A designation will remain in effect until changed or revoked by the student. They have an annual option to change their contact person for the missing student contact.

b. Students under the age of 18.

In the event a student who is not emancipated, not legally independent of their parents, is determined to be missing pursuant to the procedures set forth below, Foundation Hall is required to notify a custodial parent or guardian no more than 24 hours after the student is determined to be missing in accordance with the procedures set forth below.

II. Official notification procedures for missing students

This missing notification procedure must go into effect within 24 hours of the determination that a student who resides in Foundation Hall has been missing for 24 hours.

a. Any individual who has information that a student may be missing must notify the Foundation Hall Foundation Hall Manager or Resident Assistant as soon as possible. Note: In order to avoid jurisdictional conflicts, the Foundation Hall Manager or Resident Assistant will immediately notify Alexandria Technical and Community College’s Safety and Security Department and local law enforcement authorities. The Foundation Hall Manager or Resident Assistant will assist external authorities with these investigations as requested.

b. The Foundation Hall Manager or Resident Assistant will work with the reporting person(s) and the student’s acquaintances to gather all essential information about the student (description, clothes last worn, where student might be, who student might be with, vehicle description, information about the student’s physical and mental well-being, an up-to-date photograph, class schedule, etc.). Appropriate Foundation Hall staff will be notified to aid in the search for the student.

c. If the above actions are unsuccessful in locating the student or it is apparent immediately that the student may be endangered (e.g., witnessed abduction), the Foundation Hall Manager or Resident Assistant will contact Alexandria Technical and Community College’s Safety and Security Department and the appropriate local law enforcement agency within 24 hours of the determination that the student is missing to report the student as a missing person, unless the local law enforcement agency was the entity...
that made the determination that the student was missing. The local law enforcement agency will take charge of the investigation.

d. No later than 24 hours after determining that a student is missing, the Foundation Hall Manager, or designee, will notify the emergency contact (for students 18 and over) or the parent/guardian (for students under the age of 18) that the student is believed to be missing.

e. For missing students who are 18 years of age or older, and did not designate an individual to be contacted, the Executive Vice President of Academic and Student Affairs will act in accordance with FERPA and Minnesota Government Data Privacy guidelines with regard to contacting a parent/guardian.

III. Campus communications about missing students

In cases involving missing persons, law enforcement personnel are trained to provide information to the media in a manner designed to elicit public assistance in the search for a missing person. Therefore, all communications regarding missing students will be handled by outside law enforcement authorities, who may consult with the Vice President of Advancement and Outreach at Alexandria Technical and Community College. All inquiries to the Foundation Hall regarding missing students, or information provided to any individual at the Foundation Hall about a missing student, shall be referred to the Foundation Hall Manager, who shall refer such inquiries and information to law enforcement authorities.

Policies for Preparing the Annual Disclosure of Crime Statistics

The Safety and Security Department compiles all required information and statistics for this report.

Statistics are collected using Safety and Security Incident Reports and from other reporting authorities including, but not limited to, local law enforcement agencies and officials and of the College who have significant responsibility for student and campus activities. These college officials, known as Campus Security Authorities, include individuals in departments such as Support Services, Enrollment Services, Student Organization Advisors and Student Life.

Other required information included in the annual report required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC 1092(f)), including Alexandria Technical and Community College security-related policies and procedures, are also compiled from multiple sources.

By October 1st of each calendar year, all current employees and students are notified of the availability of this report and how to request a copy. This report is accessible on the Safety and Security website (https://www.alextech.edu/safety-security/campus-crime-security-statistics) and is also made available in paper format upon request at the Safety and Security Department office on campus.

All reasonable attempts have been made to identify all reported criminal activity and to present the crime statistics in this report in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC 1092(f)) and its amendments.

The Safety and Security Department encourages all faculty, staff, students, and visitors of the College to report all crimes and suspicious activity directly to the Safety and Security Department. At the request of the reporting victim or witness, the Safety and Security Department will make every effort to maintain or extend confidentiality while respecting applicable federal, state, and local laws and college policy.
Campus Geography

Pursuant to the Act, the Department of Public Safety (Security Department) or (Clery Compliance Officer/group) monitors criminal activity and publishes this report containing a three-year statistical history of select crimes or incidents that occur. The statistics are gathered from four specific geographic areas; 1) campus, 2) residence halls (subset of campus if applicable), 3) non-campus property or institution sanctioned buildings or property and 4) public property that is adjacent to campus, and are submitted on an annual basis to the U.S. Department of Education.

The following definitions are taken from the Higher Education Act of 1965, 485(f) (20 U.S.C. 1092(f)), the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act”, and are used to classify the locations listed in the (Minnesota State Institution) Crime Statistics.

**Campus:** The term “campus” means 1) any building or property owned or controlled by an institution of higher education within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and 2) property within the same reasonably contiguous geographic area of the institution that is owned by the institution but controlled by another person, is used by students, and supports institutional purposes (such as a food or other retail vendor).

**Residential Facilities:** This includes any student housing facility that is owned or controlled by ATCC or is located on property that is owned or controlled by ATCC and is within the reasonably contiguous geographic area that makes up the campus.

Foundation Hall is a Foundation-owned and managed apartment-style residential facility located at 318 17th Avenue East in Alexandria, MN. This property is located within the same reasonably contiguous geographic area of this college.

Campus property includes:

The areas outlined in the Clery Reporting Campus Geography map provided in Appendix A of this document.

**Non-Campus Building or Property:** The term “non-campus building or property” means 1) any building or property owned or controlled by an institution; and 2) any building or property (other than a branch campus) owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution’s educational purposes, is used by students, and is not within the same reasonably contiguous geographic area of the institution.

Non-campus property includes:

Alexandria Technical & Community College controls a non-campus property located at 2819 Highway 29 South, Alexandria, Minnesota. It is a Nursing Program instructional laboratory. This location is included in the Clery Reporting Campus Geography map provided in Appendix A of this document.

Alexandria Technical & Community College’s baseball team resided at 8950 Cliftons Draw Drive in Davenport, Florida while they were in spring training camp from March 5 through March 14, 2022. Crime statistics for this location was requested for this time period from local law enforcement in Davenport, Florida, but their agency failed to provide those statistics to the college.

**Public Property:** The term “public property” means all public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to the institution’s educational purposes.
Alexandria Technical & Community College’s public property includes adjacent streets, parking lots, sidewalks, stairwells.

**Safety and Security Considerations of Campus Facilities**

**Policies Concerning Safety of and Access to Campus Facilities:**

**Security Measures**

The campus has surveillance camera systems installed throughout the parking lots and other key interior and exterior areas. These camera systems are active 24 hours a day and continuously record to digital media. The use of these camera systems, coupled with 24-hour recording, enhances community safety and security while aiding in the investigation of criminal and suspicious incidents on campus.

Alexandria Technical and Community College also utilizes an electronic card access system on many interior and exterior doors, which improves security. The Facilities Maintenance Department manages the door locking schedule of and access to the door lock system.

**Academic and Administrative Building Access**

The campus is for the use of students, faculty, staff, and their escorted guests, and those on official business with Alexandria Technical and Community College. All others are subject to being charged with trespassing.

Access to academic and administrative facilities varies by use and location. The Facilities Maintenance Department maintains and implements a schedule to lock and unlock exterior and interior doors in each building.

The times that the campus is open may vary by season, breaks and semesters, as well as by individual building. Typically, during each semester except for holidays, the campus buildings are open during the following hours:

The Facilities Maintenance Department receives hundreds of requests each year by faculty, staff, and students for access to buildings, offices, and other rooms. The Facilities Maintenance Department strives to maintain the balance between personal safety, building security, and community needs of accessing campus facilities. This presents unique challenges in maintaining safety and security at the College.

**Policies and Procedures for Safe Access to Buildings**

- Access to campus buildings is limited to normal business hours.
- Keys are issued to authorized administration, faculty, and staff only.
- Exterior building doors should not be blocked open when the doors are locked.
- Building evacuation is mandatory for all fire alarms.
• Alexandria Technical and Community College is normally open from 6:00 a.m. until after evening classes and for scheduled weekend classes and special events.
• Employees and students in buildings after normal working hours should have an Alexandria Technical and Community College identification card to present when requested. Personnel, other than Facilities and Safety and Security personnel, must vacate the campus no later than the designated closing times noted as a standard safety measure, except for previously authorized events.
• Faculty or staff members who think they are the last persons in the building should ask unauthorized people to leave the premises or contact the Evening Security Workers. The building will be secured when the last employee leaves.
• On-campus telephones are located in most classrooms, hallways, and offices for emergency calls to the Safety and Security Department. These telephones are also capable of reaching Emergency 911 by dialing 8 (to access outside line) and then 9-1-1.

Maintenance of Campus Facilities

The Facilities Maintenance Department maintains college buildings and grounds with an interest to promote the general safety and security of college faculty, staff, and students.

The Facilities Maintenance Department frequently conducts security surveys, exterior lighting surveys, and inspections of electronic security systems in an ongoing effort to maintain existing conditions while increasing campus protection.

Faculty and Staff are to report needed repairs or improvement of security systems on campus through the FMX Facilities Request system, via the ATCC website in MyATCC at https://www.alextech.edu/myatcc.

Students and visitors are encouraged to report needed repairs to the Maintenance Department through the Welcome Center located by the main entrance to the Main Building.

A safety committee comprised of representatives from the faculty, non-academic departments, and administration meets to discuss safety concerns. The committee accepts suggestions, reviews problems, and makes recommendations for changes and improvements.

Safety and Security Personnel Enforcement and Arrest Authority

The Safety and Security Department functions in a non-enforcement role to provide a sensitive, measured response to all situations requiring Safety and Security services. During the fall and spring semesters, except on nationally recognized holidays, the Safety and Security Department is open between the hours of 7:30 a.m. – 10:00 p.m., Monday through Thursday, and 7:30 a.m. – 4:00 p.m. on Fridays during the fall and spring academic semesters.

No Hate Crimes were reported in 2020, 2021 or 2022
The numbers for most of the specific crime categories are part of the overall statistics reported for each year. The only exceptions to this are simple assault, intimidation and any other crime that involves bodily injury that is not already included in the required reporting categories. If a Hate Crime occurs where there is an incident involving intimidation, vandalism, larceny, simple assault or other bodily injury, the law requires that the statistic be reported as a Hate Crime though there is no requirement to report the crime classification in any other area of the compliance document.

No hate crimes were reported in 2020, 2021 or 2022.

Alexandria Technical and Community College does not have dormitories or residential facilities for students on campus, but the Alexandria Technical and Community College’s Foundation owns residential housing adjacent to the campus.

**Hate Crime Reporting**

The College collects information on the above crimes to determine if the victim is intentionally selected because of actual or perceived race, gender, religion, sexual orientation, ethnicity, national origin, gender identity or disability (hate crimes).

None of the reported violations occurring in report period have been identified as hate crimes based on the reporting requirements.

Key to hate crimes notations (Type of bias or prejudice):

Race=ra; Gender=g; Religion=re; Sexual orientation=s; Ethnicity=e; Disability=d; National Origin=ne; Gender Identity-gi.

**Off Campus Locations Monitoring and Records**

The City of Alexandria Police Department collects crime statistics for organizations that are recognized as part of Alexandria Technical and Community College. These statistics are included in this report. The same procedure is followed for any college-approved off-campus student organization activity.

CSAs are required to monitor off-campus crimes while students are off campus at campus-sponsored events. Any crimes occurring during any campus-sponsored event must be immediately reported to the Safety Coordinator and documented on Campus Security Authority Crime of Sex Offense Report Form.

**Enforcement of Under-age Drinking Laws and Alcoholic Beverages on Campus**

The college forbids the use, possession, manufacture, sale, transportation, or furnishing of alcohol beverages on campus. Alexandria Technical and Community College also forbids the maintenance of unlawful drinking places on campus. This prohibition of possession or consumption of alcoholic beverages on campus applies regardless of age.

Alexandria Technical and Community College enforces the Minnesota drinking laws, including the prohibition of use by persons less than 21 years of age. Possession or consumption of alcohol on campus is prohibited by Alexandria Technical and Community College and may result in student disciplinary action.

If the accused is not cooperative or is under age, the City of Alexandria Police Department may be called to assist.
Drugs on Campus and the Enforcement of Federal and State Drug Laws

Alcohol and Drug Free Campus Policy

The state prohibits the unlawful manufacture, distribution, dispensation, possession, use, sale, trade, and/or offer for sale of alcohol or drugs in the workplace or while performing work for the state.

Alexandria Technical and Community College shall comply fully with all of the conditions of the Minnesota Management and Budget – Prohibition of Alcohol and Drug Use by State Employees policy (HR/LR Policy #1418), which can be reviewed at the following link: https://mn.gov/mmb-stat/policies/1418-DrugAndAlcoholPolicy.pdf

The State of Minnesota Drug and Alcohol Plan will be followed for employees who operate a commercial motor vehicle and are required to have a commercial driver’s license (CDL) to perform the assigned duties of their position. (https://mn.gov/mmb/assets/1418A-drugandalcoholtestingplan_tcm1059-321981.pdf)

In compliance with the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226), Alexandria Technical and Community College has established this policy and has implemented processes to meet the college responsibilities as outlined in the law.

This responsibility includes:

1. Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of drugs and alcohol by students and employees on its property or as part of any of its activities;
2. A description of the applicable legal sanctions under Local, State, or Federal law for the unlawful possession or distribution of drugs and alcohol;
3. A description of the health risks associated with the use of drugs and the abuse of alcohol;
4. A description of any drug or alcohol counseling, treatment, or rehabilitation or re-entry programs that are available to employees or students;
5. A clear statement that the institution will impose disciplinary sanctions on students and employees (consistent with Local, State, and Federal law), and a description of those sanctions, up to and including expulsion or termination of employment, and referral for prosecution, for violations of the standards of conduct enumerated in the DAAPP. (The regulations note that a disciplinary sanction may include the completion of an appropriate rehabilitation program).
6. The standards of conduct at Alexandria Technical and Community College prohibit the unlawful possession, use, or distribution of drugs, drug paraphernalia and alcohol on the campus premises, or in conjunction with, any college-sponsored activity or event whether on or off campus. In accordance with federal regulations, this policy is printed in the Student Handbook, which is made available to every student. The policy is also available to students and employees at https://www.alextech.edu/policies-procedures/alcohol-drug-free-tobacco-ecig and is available in a printed format on request. The policy is included with the annual Campus Crime and Security Report and is distributed to every student and employee.
7. The college conducts a biennial review of this policy to determine the effectiveness of this policy and to ensure that disciplinary sanctions for violating standards of conduct are enforced consistently. The number and type of sanctions imposed as a result of drug and alcohol-related violations and fatalities that have occurred on the campus, or as part of campus-related activities, are included in the annual Campus Crime and Security Report. The college provides education for students and staff regarding the health risks associated with alcohol and drug abuse.

College and Drug-Free Schools and Communities Act

Biennial Review

Introduction

The Drug-Free Schools and Communities Act of 1989 Amendments requires institutions of higher education to design and implement alcohol and illicit drug programs on their campuses. As a condition of receiving funds or any other form of financial assistance under any federal program, an institution of higher education has to certify that it has adopted and implemented a program to prevent "the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees" on campus property or as part of any campus activity.

This legislation directed Colleges to:

1. develop a written policy on alcohol and other drugs;
2. develop a process that ensures policy distribution to all students, staff, and faculty;
3. enumerate federal, state, or local sanctions for unlawful possession or distribution of illicit drugs and alcohol;
4. describe health risks associated with alcohol abuse or illicit drug use;
5. describe College drug and alcohol programs available for students and employees;
6. specify disciplinary sanctions imposed on students and employees for policy violations; and
7. conduct biennial reviews to assess the effectiveness of its alcohol and drug programs.

The law further requires an institution of higher education to review its program to:

1. determine its effectiveness and implement changes if they are needed, and
2. ensure that the sanctions developed are consistently enforced.

In compliance with federal legislation, the Drug Free Schools and Communities Committee of (Minnesota State Institution) has prepared this biennial review.

**Biennial Review Process**

A committee was convened and oriented to the requirements of the Drug Free Schools Act and the completion of a Biennial Review to comply with the act.

Members represented: Campus Security, Financial Aid, Student Life, and Academic Affairs.

The committee reviewed components essential to the College’s drug and alcohol program: policy statements, publications, services, data collection, campus life, and data on student and employee conduct.

**General Conclusion**

ATCC appears to be in full compliance with federal legislation. The College has developed and maintains a drug prevention policy. The College distributes the drug-free policy to all employees and students annually. The College provides services and activities to promote a strong drug-free campus environment. The College tracks the number of drug and alcohol related offenses, sanctions, and referrals.

**Sexual Assault Programs and Procedures**

Alexandria Technical & Community College does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Sexual violence includes a continuum of conduct that includes sexual assault, non-forcible sex acts, dating and relations violence, stalking, as well as aiding acts of sexual violence. Sexual assault and related offenses are governed and adjudicated under Minnesota State Board Policy 1B.3 Sexual Violence Policy, the Violence Against Women Act as amended and the Clery Act as amended. As a result, Alexandria Technical & Community College issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to an ATCC official. In this context, ATCC prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the university community.

For a complete copy of Minnesota State Board Policy 1B.3 Sexual Violence Policy, visit [http://www.minnstate.edu/board/policy/1b03.html](http://www.minnstate.edu/board/policy/1b03.html). For a complete copy of ATCC’s policy governing sexual misconduct, visit [https://www.alextech.edu/policies-procedures/sexual-violence](https://www.alextech.edu/policies-procedures/sexual-violence).

**Sexual Violence Policy**

**Policy Statement**

Sexual violence is an intolerable intrusion into the most personal and private rights of an individual, and is prohibited at Alexandria Technical & Community College (ATCC) is committed to eliminating sexual violence in all forms and will take appropriate remedial action against any individual found responsible for acts in violation of this policy. Acts of sexual violence may also constitute violations of criminal or civil law, or other ATCC or
Minnesota State Board policies that may require separate proceedings. To further its commitment against sexual violence, ATCC provides reporting options, an investigative and disciplinary process, and prevention training, and other related services as appropriate.

Absence of affirmative consent may warrant criminal charges against the perpetrator of sexual violence in any of its forms. Affirmative consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent of sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

As part of the larger community, Alexandria Technical & Community College is subject to, abides by, and supports Minnesota State statutes and local ordinances regarding criminal sexual conduct, including the Minnesota State’s Sexual Violence Policy, which can be viewed at [www.minnstate.edu/board/policy/1b03.html](http://www.minnstate.edu/board/policy/1b03.html). Other policies, such as Student Code of Conduct and employment contracts, may apply.

ATCC provides sexual violence prevention training to employees and students annually.

Sexual violence has no place in a learning or work environment and is prohibited. Further, the Minnesota State Colleges and Universities shall work to achieve zero tolerance of violence in all its forms. This policy includes, but is not limited to, ATCC’s students and employees.

**Notice of Complainant Options**

Following a report of sexual violence, the complainant shall be promptly notified of:

- Where and how to obtain immediate medical assistance; complainants should be informed that timely reporting and a medical examination within 72 hours are critical in preserving evidence of sexual assault and proving a criminal or civil case against a perpetrator. Complainants should be told, however, that they may report incidents of sexual violence at any time.
- Where and how to report incidents of sexual violence to local law enforcement officials, and/or appropriate ATCC contacts for employees, students and others. Such contacts should be identified by name, location and phone number for 24-hour availability, as applicable.
- Resources for where and how complainants may obtain on- or off-campus counseling, mental health or other support services.

**Notice of Complainant Rights**

Complainants shall be notified of the following:

- Their right to file criminal charges with local law enforcement officials in sexual assault cases;
- Rights under the crime victims bill of rights, Minnesota Statutes Sections 611A.01 – 611A.06, including the right to assistance from the Crime Victims Reparations Board and the commissioner of public safety;
• Availability of prompt assistance from campus officials, upon request, in notifying the appropriate
campus investigating authorities and law enforcement officials, and, at the direction of law enforcement
authorities, assistance in obtaining, securing and maintaining evidence in connection with a sexual
violence incident;
• Assistance available from campus authorities in preserving for sexual violence complainant materials
relating to a campus disciplinary proceeding;
• That complaints of incidents of sexual violence made to campus security authorities shall be promptly
and appropriately investigated and resolved;
• That, at a sexual assault complainant’s request, ATCC may take action to prevent unwanted contact with
the alleged assailant, including, but not limited to, transfer of the complainant and/or the respondent to
alternative classes, or a work site, if such alternatives are available and feasible.

Sexual Violence Prevention and Education

Campus-wide training. ATCC offers an annual sexual violence awareness training program to students and
employees to promote the awareness of sexual violence offenses, including sexual violence prevention
measures and procedures for responding to incidents. These educational programs shall emphasize the
importance of preserving evidence for proof of a criminal offense. ATCC develops educational programs,
brochures, posters and other means of information to decrease the incidence of sexual violence and advise
individuals of the legal and other options available if they are the complainants of an incident or they learn of
such an incident.

Each employee is required to complete a sexual harassment training module as part of their new employee
training process.

Training for individuals charged with decision making authority. ATCC provides appropriate training and other
resources to individuals charged with decision making responsibilities under applicable procedures in order to
facilitate a fair, respectful and confidential procedure on allegations of sexual violence in accordance with this
and other applicable policies, procedures and laws.

A guiding principle in the reporting of sexual assault is to avoid re-victimizing the sexual assault survivor by
forcing the person into any plan of action. Sexual assault survivors may contact any one of several College
departments or community services for assistance. The following resources provide immediate aid or on-going
consultation for survivors of sexual assault.

Sexual Violence Procedure

This procedure is designed to further implement ATCC’s policy, 1B.3 Sexual Violence Policy, prohibiting sexual
violence. This procedure provides a process through which individuals alleging sexual violence may pursue a
complaint.

This procedure is intended to protect the rights and privacy of both the complainant and respondent and other
involved individuals, as well as to prevent retaliation and reprisal.

Alexandria Technical and Community College is subject to, abides by, and supports Minnesota state statutes and
local ordinances regarding criminal sexual conduct, including the Minnesota State College’s and University’s
Sexual Violence Procedure, which can be viewed at
Reporting Incidents of Sexual Violence

Prompt reporting encouraged. Complainants of sexual violence may report incidents at any time, but are strongly encouraged to make reports promptly in order to best preserve evidence for a potential legal or disciplinary proceeding.

Complainants are strongly encouraged to report incidents of sexual violence to law enforcement for the location where the incident occurred. Complainants are also encouraged to contact the local victim/survivor services office, counseling and health care providers, campus Title IX coordinators and ATCC’s campus security authorities for appropriate action.

Assistance in reporting. When informed of an alleged incident of sexual violence, all ATCC students and employees are urged to encourage and assist complainants, as needed, to report the incident to local law enforcement, local victim/survivor services and campus security authorities.

ATCC’s Safety Coordinator, when informed of an alleged incident of sexual violence, shall promptly assist the complainant, including providing guidance in filing complaints with outside agencies including law enforcement; obtaining appropriate assistance from victim/survivor services or medical treatment professionals; and filing a complaint with campus officials responsible for enforcing the student conduct code or employee conduct standards.

When appropriate, ATCC may pursue legal action against a respondent, including, but not limited to, trespass or restraining orders, in addition to disciplinary action under the applicable student or employee conduct standard.

Confidentiality of Reporting

Confidential reports. Because of laws concerning government data contained in Minnesota Statues Chapter 13, the Minnesota Government Data Practices Act, ATCC cannot guarantee confidentiality to those who report incidents of sexual violence except where those reports are privileged communications with licensed health care professionals. Some off-campus reports also may be legally privileged by law, such as reports to clergy, private legal counsel, or health care professionals.

Reports to campus security authorities. Complainants of sexual violence may contact any campus security authority for appropriate assistance or to report incidents. Absolute confidentiality of reports made to campus security authorities cannot be promised. However, campus security authorities shall not disclose personally identifiable information about a complainant of sexual violence without the complainant’s consent except as may be required or permitted by law. There may be instances in which ATCC determines it needs to act regardless of whether the parties have reached a personal resolution or if the complainant requests that no action be taken. In such instances, ATCC will investigate and take appropriate action, taking care to protect the identity of the complainant and any other reporter in accordance with this procedure.

Required reports. Any campus security authority or any ATCC employee with supervisory or student-advising responsibility who has been informed of an alleged incident of sexual violence must follow college procedures for making a report for the annual crime statistics report. In addition, the Safety Coordinator shall report to other school officials, as appropriate, such as the campus affirmative action office, the campus office responsible for administering the student conduct code, and/or the designated Title IX compliance coordinator, in order to initiate any applicable investigative or other resolution procedures.

Campus security authorities may be obligated to report to law enforcement the fact that a sexual assault has occurred, but the name or other personally identifiable information about the complainant will be provided only with the consent of the complainant, except as may be required or permitted by law.
Policy Notices

Distribution of policy to students. ATCC shall, at a minimum, at the time of registration make available to each student information about its sexual violence policy and procedure, and shall additionally post a copy of its policy and procedure at appropriate locations on campus at all times. ATCC may distribute its policy and procedure by posting on ATCC’s Web site, provided all students are directly notified of how to access the policy by an exact address, and that they may request a paper copy.

Distribution of policy to employees. ATCC shall make available to all employees a copy of its sexual violence policy and procedure. Distribution may be accomplished by posting on ATCC’s Web site, provided all employees are directly notified of the exact address of the policy and procedure and that they may receive a paper copy upon request.

Complaint Procedure

The following process and procedure is used to investigate and resolve allegations of sexual violence for employees, students and individuals who are both an employee and student.

Employees. If the respondent is an employee, the investigation and disciplinary decision-making shall be conducted pursuant to the procedures outlined in Board Procedure 1.B.1.1 except that use of the optional “Personal Resolution” described in Part 3. Subpart B. should not be encouraged in dealing with allegations of sexual violence due to the seriousness of the conduct.

Nothing in this procedure is intended to expand, diminish or alter in any manner any right or remedy available under a collective bargaining agreement, personnel plan or law. Any disciplinary action imposed as a result of an investigation conducted under this procedure will be processed in accordance with the applicable collective bargaining agreement or personnel plan.

Students. ATCC may elect to process complaints against students under this procedure using either the investigation and decision-making process of System Procedure 1B.1.1 or Board Policy 3.6. ATCC shall notify students of this process.

If ATCC elects to use its procedures under Minnesota State Board Policy 3.6 for incidents of sexual violence, the conduct panel shall make written findings and recommendations, including proposed sanctions, if any, which will be submitted to a decision maker designated by the President. If the decision maker issues an adverse decision against the student, the student may appeal to the president or designee.

Individuals who are both an employee and a student. If the respondent is both a student and employee, the investigation shall be conducted by the designated officer, as defined by Minnesota State Board Procedure 1.B.1.1, Part 2, Subpart A. The results of the investigation shall be submitted for review to both the decision maker appointed under Procedure 1.B.1.1 Part 2, Subpart B, concerning the personnel action, and to the President or designee concerning the student action.

Investigation and Disciplinary Procedures

Immediate action. ATCC, at any time during the report/complaint process, may reassign or place on administrative leave an employee alleged to have violated this policy, in accordance with the procedures in Minnesota State System Procedure 1B.1.1. Such action must be consistent with the applicable collective bargaining agreement or personnel plan.

ATCC may summarily suspend or take other temporary measures against a student alleged to have committed a violation of this policy, in accordance with Minnesota State System Procedure 1B.1.1 or Board Policy 3.6.
General principles. Procedures used in response to a complaint of sexual violence should avoid requiring complainants to follow any plan of action, to prevent the possibility of re-victimization. Mediation or other negotiated dispute resolution processes between the complainant and the respondent concerning allegations of sexual violence shall be used only if both parties voluntarily consent. No party shall be required to participate in mediation.

ATCC investigation and disciplinary procedures concerning allegations of sexual violence against employees or students shall:

- Be respectful of the needs and rights of individuals involved;
- Proceed as promptly as possible;
- Permit a student complainant and respondent to have the same opportunity to have an appropriate support person or advisor of their choice present at any interview, hearing and disciplinary hearing, in a manner consistent with the governing procedures and applicable data practices law;
  - There is no limit to the choice of advisor or presence for either the student complainant or respondent in any meeting or institutional disciplinary proceeding; however, ATCC may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restricts apply to both parties.
- Employees shall have the right to representation consistent with the appropriate collective bargaining agreement or personnel plan;
- Be conducted in accordance with applicable due process standards and privacy laws;
- Inform both the complainant and respondent of the outcome in a timely manner, as permitted by applicable privacy law.

The past sexual history of the complainant and respondent shall be deemed irrelevant except as that history may directly relate to the incident being considered.

A respondent’s use of any drug, including alcohol, judged to be related to an offense may be considered to be an exacerbating rather than mitigating circumstance.

Relationship to parallel proceedings. In general, ATCC’s investigation and disciplinary procedures for allegations of sexual violence will proceed independent of any action taken in criminal or civil courts. If ATCC is aware of a criminal proceeding involving the alleged incident, they may contact the prosecuting authority to coordinate when feasible. Criminal or civil court proceedings are not a substitute for Minnesota State Colleges and Universities procedures.

False statements prohibited. ATCC takes allegations of sexual violence very seriously and recognizes the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence or during the investigation of such a complaint or report may be subject to discipline or under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.

Withdrawn complaint. If a complainant no longer desires to pursue a complaint through the college’s proceeding, the college reserves the right to investigate and resolve the complaint as it deems appropriate.

ATCC’s discretion to pursue certain allegations. ATCC reserves discretion whether to pursue alleged violations of policy under appropriate circumstances, including, but not limited to, a determination that an effective investigation is not feasible because of the passage of time, or because the respondent is no longer a student or employee of the college.
ATCC’s discretion to deal with policy violations disclosed in investigation. ATCC reserves the right to determine whether to pursue violations of policy by students or employees other than the respondent, including a complainant or witness, that come to light during the investigation of an incident of sexual violence. In order to encourage reporting of sexual violence, under appropriate circumstances college administrators may choose to deal with violations of ATCC’s policy in a manner other than disciplinary action.

Sanctions. Sanctions that may be imposed if a finding is made that sexual violence has occurred include, but are not limited to, suspension, expulsion of students or termination from employment. The appropriate sanction will be determined on a case-by-case basis taking into account the severity of the conduct, the student’s or employee’s previous disciplinary history, and other factors as appropriate.

Retaliation Prohibited. Actions by a student or employee intended as retaliation, reprisal or intimidation against an individual for making a complaint or participating in any way in a report or investigation under this policy are prohibited and are subject to appropriate disciplinary action.

Maintenance of Report/Complaint Procedure Documentation

Data that is collected, created, received, maintained or disseminated about incidents of sexual violence will be handled in accordance with the privacy requirements of the Minnesota Statutes Chapter 13 (Minnesota Government Data Practices Act), and other applicable laws.

Information on reports of incidents of sexual violence that are made to Campus Security Authorities shall be documented in accordance with the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act, codified at 20 United States Code section 1092 (f). Such information will be used to report campus crime statistics on college and university campuses as required by that Act.

During and upon the completion of the complaint process, the complaint file shall be maintained in a secure location. Access to complaint file information shall be in accordance with the applicable collective bargaining agreement or personnel plan, the Minnesota Government Data Practices Act, the Family Educational Rights and Privacy Act and other applicable law and policy.

Alexandria Technical and Community College will, upon written request, disclose to the alleged victim of a crime of violence or non-forcible sexual offense, the report on the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Definitions

The following definitions apply to this Policy:

Sexual Violence

Sexual violence includes a continuum of conduct that includes sexual assault, and non-forcible sex acts, as well as aiding acts of sexual violence.

Sexual Assault

Sexual Assault is an offense that meets the definition of rape, fondling, incest or statutory rape as used in the FBI’s Uniform Crime Reporting System. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. Sexual assault means an actual, attempted, or threatened sexual act with another person without that person’s consent. Sexual
assault is often a criminal act that can be prosecuted under Minnesota law, as well as from the basis for
discipline under the Alexandria Technical and Community College student conduct codes and employee
disciplinary standards. Sexual assault includes, but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of
duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the
acts commonly referred to as “date rape” or “acquaintance rape.” This definition also includes the
coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.

2. Involvement in any sexual act when the victim is unable to give consent.

3. The intentional touching or coercing, forcing, or attempting to coerce or force another to touch an
unwilling person’s intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or
breast).

4. Offensive sexual behavior that is directed at another such as indecent exposure or voyeurism.

Affirmative Consent

Affirmative consent is informed, freely given and mutually understood willingness to participate in sexual
activity that is expressed by clear, unambiguous and affirmative words or actions. It is the responsibility of the
person who wants to engage in sexual activity to ensure that the other person has consented to engage in the
sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If
coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is
mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or
extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption,
or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute
consent, and past consent to sexual activities does not imply ongoing future consent. The existence of a dating
relationship between the people involved or the existence of a past sexual relationship does not prove the
presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken
advantage of a position of influence over the complainant may be a factor in determining consent.

Alexandria Technical and Community College Property

Alexandria Technical and Community College Property means the facilities and land owned, leased, or under
primary control of Minnesota State Colleges and Universities, its Board of Trustees, the Minnesota State
Colleges and Universities System Office, and Alexandria Technical and Community College.

Employee

Employee means any individual employed by Alexandria Technical and Community College, including student
workers.

Student

Student means an individual who is:

- Admitted, enrolled, registered to take or is taking one or more courses, classes, or seminars, credit or
  noncredit, at Alexandria Technical and Community College;
- Between terms of a continuing course of study at Alexandria Technical and Community College, such as
  summer break between spring and fall academic terms; or
• Expelled or suspended from enrollment as a student at Alexandria Technical and Community College, during the pendency of any adjudication of the student disciplinary action.

**Domestic Violence, Dating Violence, Sexual Assault and Stalking Report Procedures**

Alexandria Technical and Community College has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. ATCC will make such accommodations, if the complainant requests them and if they are reasonably available, regardless of whether the complainant chooses to report the crime to ATCC’s Safety and Security Department or local law enforcement. Students and employees should contact the Safety and Security Department at 320-762-4415.

After an incident of sexual assault or domestic violence, the victim should consider seeking medical attention as soon as possible at the Emergency Center at Alomere Health Hospital.

In Minnesota, evidence may be collected even if you chose not to make a report to law enforcement. Evidence collected during a medical forensic exam will only be tested if a report is made to law enforcement.

Under Minnesota law, the county in which the sexual assault or rape occurred is responsible for the cost of collecting evidence during your medical forensic examination. The county must pay regardless of whether or not you report to law enforcement. After your medical forensic examination has been performed, the county may be reimbursed from your insurance with your permission. Counties must obtain your approval prior to billing your insurance. Whether or not the county uses your insurance is your choice. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to ATCC investigators or police. Although ATCC strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report and victims have the right to decline involvement with the police. ATCC will assist any victim with notifying local police if they so desire. The City of Alexandria’s Police Department may also be reached directly by calling 320.763.6631 or in person at 501 3rd Avenue West, Alexandria, MN.

Additional information about the City of Alexandria’s Police Department may be found online at: www.alexandriapolice.com.

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator, Tam Bukowski, Main Building Room 108, tamzinb@alextech.edu, 320.762.4415 by calling, writing, going online or coming into the office to report in person ATCC’s Safety and Security Department, if the victim so desires. ATCC will provide resources, on campus, off campus or both, to include medical, health, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this
policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with ATCC’s Safety and Security Department or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the institution, below are the procedures that the institution will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

ATCC’s Safety and Security Department, when informed of an alleged incident of sexual violence, shall promptly assist the complainant, as requested. ATCC will:

1. Provide complainant with written information to access medical care, depending on when reported (immediate vs. delayed report), regardless of whether the assault happened on or outside the Clery geography identified in this report.
2. Assess immediate safety needs of complainant.
3. Assist complainant with contacting local police if complainant requests and provide contact information for local police department.
4. Provide complainant with referrals to on and off campus mental health providers.
5. Assess need to implement interim or long-term protective measures, such as housing changes, change in class schedule, “No Contact” directive between both parties
6. Provide a “No Trespass” directive to accused party if deemed appropriate
7. Provide written instructions on how to apply for an Order of Protection
8. Provide a copy of the Sexual Violence Policy to complainant and inform the complainant regarding timeframes for inquiry, investigation and resolution
9. Inform the complainant of the outcome of the investigation, whether or not the accused will be administratively charged and what the outcome of the hearing is
10. Enforce the anti-retaliation policy and take immediate and separate action against parties that retaliate against a person for complaining of sex-based discrimination or for assisting in the investigation.

When appropriate, ATCC may pursue legal action against a respondent, including, but not limited to, trespass or restraining orders, in addition to disciplinary action under the applicable student or employee conduct standard.

Complainants’ Rights
1. Complainants have the right to file criminal charges with local law enforcement officials in any sexual assault case.
2. They have all of the rights under the crime victims bill of rights, Minn. Stat. §§611A.01 – 611A.06, including the right to assistance from the Crime Victims Reparations Board and the Commissioner of Public Safety.
3. Complainants are afforded the availability of prompt assistance from campus officials, upon request, in notifying the appropriate campus investigating authorities and law enforcement officials, and, at the direction of law enforcement authorities, assistance in obtaining, securing, and maintaining evidence in connection with a sexual violence incident.

4. Campus Security Authorities will assist in preserving sexual violence complainant materials relating to a campus disciplinary proceeding.

5. Complaints of incidents of sexual violence made to campus security authorities must be promptly and appropriately investigated and resolved.

6. Upon a sexual assault complainant’s request, ATCC will take action to prevent unwanted contact with the alleged assailant, including, but not limited to, transfer of the complainant and/or the respondent to alternative classes, or to a work site or to alternative college-owned housing, if such alternatives are available and feasible. Any accommodations or protective measures provided to the victim will be maintained in confidence, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

7. Upon the request of the complainant, students who report sexual assaults to ATCC and subsequently chose to transfer to another college or university will be provided with information about resources for victims of sexual assault at the college or university to which the complainant is transferring.

Investigation and Disciplinary Procedures

Investigations and disciplinary procedures will be conducted by ATCC officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. ATCC officials who conduct investigations and disciplinary procedures will not have any bias or conflict of interest toward either the accuser or the accused.

Procedures used in response to a complaint of sexual violence complainants should avoid requiring complainants to follow any plan of action, to prevent the possibility of re-victimization. The process will be respectful of the needs and rights of individuals involved and they will be treated with dignity. It is never assumed or suggested that the complainant or victim was at fault for the sexual assault or should have behaved differently to prevent the assault. All proceedings will be acted on promptly and conducted within reasonable timeframes. The process will allow for extensions of those timeframes for good cause with written notice to the complainant and the respondent of the delay and the reason for the delay. The process will be consistent with these policies and transparent to the complainant and the respondent. Student complainants and respondents will have the same opportunity to have an appropriate support person or advisor present at any interview or hearing, in a manner consistent with the governing procedures and applicable data practices law. There is no limit to representatives they can have present at any interview or hearing. Employees have the right to representation consistent with the appropriate collective bargaining agreement or personnel plan. All procedures will be conducted in accordance with applicable due process standards and privacy laws. The complainant and respondent will simultaneously be informed, in writing, of the outcome in a timely manner, as permitted by applicable privacy law. Outcomes will be based on a preponderance of evidence standard, meaning that it is more likely than not that the policy, procedure, or code has been violated. The past sexual history of the complainant and respondent are deemed irrelevant except as that history may directly relate to the incident being considered. A respondent’s use of any drug, including alcohol, judged to be related to an offense may be considered to be an exacerbating rather than mitigating circumstance.
ATCC takes allegations of sexual violence very seriously and recognizes the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence, or who provides false information during the investigation of such a complaint or report, may be subject to discipline or, under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.

If a complainant no longer desires to pursue a complaint through ATCC proceeding, ATCC reserves the right to investigate and resolve the complaint as it deems appropriate. ATCC reserves discretion whether to pursue alleged violations of policy under appropriate circumstances, including, but not limited to, a determination that an effective investigation is not feasible because of the passage of time, or because the respondent is no longer a student or employee of ATCC.

The institution will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for the purposes of this paragraph.

**Sanctions**

ATCC may, at any time during the report/complaint process, reassign or place on administrative leave an employee alleged to have violated Board Policy 1B.3, in accordance with the procedures in System Procedure 1B.1.1. Such action must be consistent with the applicable collective bargaining agreement or personnel plan.

ATCC may summarily suspend or take other temporary measures against a student alleged to have committed a violation of Board Policy 1B.3, in accordance with System Procedure 1B.1.1 or Board Policy 3.6.

Sanctions that may be imposed if a finding is made that sexual violence has occurred include, but are not limited to, suspension, or expulsion of students, or termination from employment for employees. The appropriate sanction will be determined on a case-by-case basis, taking into account the severity of the conduct, the student’s or employee’s previous disciplinary history, and other factors as appropriate. Witnesses or victims who report in good faith an incident of sexual violence will not be sanctioned by ATCC for admitting in the report to a violation of the student conduct policy on the use of alcohol or drugs.

Actions by a student or employee intended as retaliation, coercion, discrimination, reprisal, or intimidation against an individual for making a complaint or participating in any way in a report or investigation under this policy are prohibited and are subject to appropriate disciplinary action.

**Sex Offender Registration Website**

In accordance to the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act, section 121 of the Adam Walsh Child Protection and Safety Act of 2006, and the Family Educational Rights and Privacy Act of 1974, the ATCC Safety and Security Department is providing a link to the Minnesota Sex Offender Registry. This act requires institutions of higher education issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student.
The Minnesota Bureau of Criminal Apprehension administers a predatory offender registration and tracking program. Any questions regarding the program may be directed to the Predatory Offender Unit at 888.234.1248 or 651.792.7070. Information regarding this program can be found at the following website:

https://por.state.mn.us/Home.aspx

Information regarding registered sex offenders may be obtained through the Alexandria Police Department. They may be contacted at 320.762.6631. General information about registered sex offenders in the Alexandria area can be found at the State of Minnesota Predatory Sex Offender website, which is at:

https://www.douglascountymn.gov/sex-offenders

In addition, information regarding registered sex offenders may be obtained through the Minnesota Department of Corrections at 651.642.0200. An offender locator, for offenders that have the highest risk for re-offense, can be accessed from the Minnesota Department of Corrections website:

http://www.doc.state.mn.us

Filing an Appeal

The complainant or the respondent may appeal the decision of the decision maker. An appeal must be filed in writing with the president or designee within ten (10) business days after notification of the decision. The appeal must state specific reasons why the complainant or respondent believes the decision was improper. In a complaint against a president or other official who reports directly to the chancellor, an appeal may be considered by the chancellor whether or not the chancellor served as the decision maker.

For employees represented by a collective bargaining agreement, an appeal under this procedure is separate and distinct from, and is not in any way related to, any contractual protections or procedures. During the pendency of the appeal disciplinary or corrective action taken as a result of the decision shall be enforced. In addition, in cases involving sanctions of suspension for ten (10) days or longer, students shall be informed of their right to a contested case hearing under Minnesota Statutes Chapter 14.

The president or designee shall review the record and determine whether to affirm or modify the decision. The president or designee may receive additional information if the president or designee believes such information would aid in the consideration of the appeal. The decision on appeal shall be made within a reasonable time and the complainant, respondent and designated officer shall be notified in writing of the decision, consistent with applicable state and federal data privacy laws. The decision on appeal exhausts the complainant's and respondent’s administrative remedies under this procedure except as provided herein.

Assistance for Victims - Rights and Options

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, ATCC will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. In Minnesota, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

1. Be informed of prosecutor’s decision to decline prosecution or dismiss the case along with information about seeking a protective or harassment order at no fee
2. Protection against employer retaliation for victims to take reasonable time off to attend order for protection or harassment restraining order proceedings
3. Domestic abuse victims have the ability to terminate a lease without penalty
4. Sexual assault victims can make a confidential request for HIV testing of a convicted offender.

5. Sexual assault victims do not have to pay the cost of a sexual assault examination.

6. Sexual assault victims may not be required to undergo a polygraph examination in order for an investigation or prosecution to proceed.

Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, ATCC will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

However, ATCC will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

The institution does not publish the name of crime victims nor house identifiable information regarding victims in the Daily Crime Log or online. Victims may request that directory information on file be removed from public sources by request through the Registrar’s Office at ATCC.

Further, ATCC complies with Minnesota law in recognizing Orders of Protection and Harassment Restraining Orders. All Orders for Protection and Harassment Restraining Orders will be coordinated through Someplace Safe at 320.762.1995. Any person who obtains an order of protection from Minnesota or any reciprocal state (Under VAWA’s full faith and credit provision, every state must recognize and enforce protection orders issued in other states, as if issued in the enforcing state) should provide a copy to ATCC’s Safety and Security Department and the Office of the Title IX Coordinator. A complainant may then meet with ATCC’s Safety and Security Department develop a Safety Action Plan, which is a plan for campus officials and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but in not limited to: escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from home, etc.).

*Criteria for Order reflects Minnesota Statutes

ATCC cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services. Protection from abuse.
orders may be available through the local county court at no cost. ATCC may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim’s cooperation and consent, ATCC’s offices will work cooperatively to ensure that the complainant’s health, physical safety, work and academic status are protected, pending the outcome of a formal investigation of the complaint. If reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement.

**Bystanders**

Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some of the ways to be an active bystander. If you or someone else is in immediate danger, call 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are OK.
2. Confront people who seclude, hit on, and/or try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.

5. Refer people to on or off campus resources listed in the Annual Security Report or other resources for support in health, counseling, or with legal assistance.

Reducing the Risk of Sexual Assault

You can reduce the chances of sexual assault by doing the following:

1. **Be aware of your surroundings.** Knowing where you are and who is around you may help you to find a way to get out of a bad situation.

2. **Try to avoid isolated areas.** It is more difficult to get help if no one is around.

3. **Walk with purpose.** Even if you don’t know where you are going, act like you do.

4. **Trust your instincts.** If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.

5. Try not to load yourself down with packages or bags, as this can appear more vulnerable.

6. Make sure your cell phone is with you and charge, and that you have cab money.

7. Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.

8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.

9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you find a way out of a bad situation.

10. **Trust your instincts.** If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (call 911).

11. Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink unattended, just get a new one.

12. Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.

13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they have had, or is acting out of character, get him or her to a safe place immediately.

14. If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).

15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
   a. Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
   b. Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
c. Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come and get you or make up an excuse for you to leave.

d. Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave that to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgement before doing anything you may regret later.

Harassment and Discrimination Policy

Statement of Policy and Definition

Alexandria Technical & Community College (ATCC) has an enduring commitment to enhancing Minnesota’s quality of life by developing and fostering understanding and appreciation of a free and diverse society and providing equal opportunity for all its students and employees. ATCC is committed to a policy of equal opportunity and nondiscrimination in employment and education.

Nondiscrimination

ATCC prohibits discrimination and harassment against persons in the terms and conditions of employment, personnel practices, or access to and participation in educational programs, services, and activities on the basis of membership or perceived membership in any of the following protected classes: race, sex (including pregnancy, child birth, and related medical conditions), color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identity, gender expression, veteran status, familial status, and membership or activity in local human rights commission. Protected class also includes genetic information for employees.

ATCC maintains and encourages freedom of expression, inquiry, teaching, and research. Academic freedom comes with a responsibility that all members of our education community benefit without intimidation, exploitation, or coercion. This policy is directed at conduct that constitutes discrimination or harassment under this policy and is not directed at the content of speech. In cases in which statements and other forms of expression are involved, ATCC must consider an individual’s constitutionally protected right to free speech and academic freedom. However, discriminatory or harassing conduct is not within the protections of academic freedom or free speech.

Applicability

This policy applies to all individuals affiliated with ATCC, including but not limited to, its students, employees, applicants, volunteers, and administration, and is intended to protect the rights and privacy of all involved individuals, as well as prevents retaliation. Complaints of conduct by a student occurring at a location other than on campus property, including online, are covered by this policy pursuant to the factors listed in ATCC Policy 3.6. Complaints of conduct by an employee at locations other than campus property, including online, are covered by this policy. Complaints of conduct on campus property, including online, by individuals who are not students
or employees are subject to appropriate actions by ATCC, including but not limited to, pursuing civil action against them, referral to law enforcement, or pursuing a no trespass. Individuals who violate this policy will be subject to disciplinary or other corrective action. Allegations of conduct in violation of this policy may be submitted through the process identified in ATCC Procedure 1B.1.1.

This policy supersedes all existing college equal opportunity and nondiscrimination policies.

Definitions

Discrimination

Employment decisions, education decisions, or treatment of an individual because of protected class status or perceived protected class status that subjects the individual to different treatment so as to interfere with or limit the ability of the individual to participate in, or benefit from, the services, activities, or privileges provided by ATCC or otherwise adversely affects the individual’s employment or education.

Employee

Any individual employed by ATCC, including student workers.

Harassment

Discriminatory harassment

Unwelcome conduct or communication that is based on actual or perceived membership in a protected class, including stereotypes of protected classes, that has a negative effect or is likely to have a negative effect on the complainant or the workplace or educational environment. Harassment may occur in a variety of relationships, including faculty and student, supervisor and employee, students and student, staff and student, employee and employee, and other relationships with persons having business at, or visiting the educational or working environment. Discriminatory harassment includes, but is not limited to:

1. Oral or written conduct such as jokes, innuendo, slurs, name-calling, negative comments about cultural norms, circulating rumors;
2. Physical contact, battery, blocking movement;
3. Non-verbal derogatory gestures, stalking, interference with work performance;
4. Visual displays, including but not limited to, posters, drawings, screen savers, emails and texts with derogatory meaning, epithets written on complainant’s personal property or other symbols associated with particular protected classes.

Sexual harassment

ATCC further defines sexual harassment as a form of sex discrimination and discriminatory harassment. Sexual harassment is conduct or communication of a sexual nature that is unwelcome, that has a negative effect or is likely to have a negative effect on the complainant or the workplace or educational environment. Sexual harassment includes, but is not limited to:

1. Unwelcome sexual innuendoes, suggestive comments, jokes of a sexual nature, sexual propositions, degrading sexual remarks, threats;
2. Unwelcome sexually suggestive objects or pictures, graphic commentaries, suggestive or insulting sounds, leering, whistling, obscene gestures;
3. Unwelcome physical contact, such as sexual assault and sexual violence (as defined in ATCC Policy 1B.3), molestation, or attempts to commit these assaults; unwelcome touching, pinching, or brushing of or by the body;
4. Preferential treatment

**Protected class**

Protected class includes race, sex (including pregnancy, child birth, and related medical conditions), color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identity, gender expression, veteran status, familial status, and membership or activity in a local human rights commission. Protected class also includes genetic information for employees.

**Retaliation**

Retaliation includes, but is not limited to, engaging in any form of intimidation, reprisal, or harassment against an individual because the person:

1. Made a complaint or other communication under this policy or opposes conduct prohibited by this policy;
2. Assisted or participated in any manner in an investigation, or process under this policy, regardless of whether a claim of discrimination or harassment is substantiated;
3. Associated with a person or group of persons who are members of a protected class; or
4. Made a complaint or assisted or participated in any manner in an investigation or process with the Equal Employment Opportunity Commission, the U.S. Department of Education Office for Civil Rights, the Minnesota Department of Human Rights or other enforcement agencies, under any federal or state nondiscrimination law, including the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; the Minnesota Human Rights Act, Minn. State Ch. 363A, and their amendments.

Retaliation may occur whether or not there is a power of authority differential between the individuals involved.

**Sexual harassment and violence as sexual abuse**

Minnesota law provides special protection for children under 18 and vulnerable adults. These laws, Minnesota Statutes sections 260E and 626.557, identify those who are mandated to report neglect or abuse of children under 18 and maltreatment of vulnerable adults. Faculty, student teachers or clinical participants, day care personnel, and others involved in education or services to children or vulnerable adults may be considered mandated reporters under both of these laws. Reports of abuse or neglect of a child or vulnerable adult, must be made to law enforcement or state or county social service agencies.

**Student**

1. For purposes of this policy, the term “student” includes all persons who:
2. Are enrolled in one or more courses, either credit or non-credit, through a college or university;
3. Withdraw, transfer, or graduate, after an alleged violation of the student conduct code;
4. Are not officially enrolled for a particular term but who have a continuing relationship with the college or university;
5. Have been notified of their acceptance for admission or have initiated the process of application for admission or financial aid; or
6. Are living in a college or university residence hall although not enrolled in, or employed by, the college or university.
**Consensual Relationships**

A consensual relationship is a sexual or romantic relationship between two or more persons who voluntarily enter into such a relationship. An employee of Minnesota State shall not enter into a consensual relationship with a student or an employee over whom the person exercises direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence. In the event a relationship already exists, each college, university, and the system office shall develop a procedure to reassign evaluative authority as may be possible to avoid violations of this policy. This prohibition does not limit the right of an employee to make a recommendation on personnel matters concerning a family or household member where the right to make recommendations on such personnel matters is explicitly provided for in the applicable collective bargaining agreement or compensation plan.

**Retaliation**

Retaliation is prohibited at Minnesota State. Any individual covered by this policy who engages in retaliation is subject to disciplinary or other corrective action as appropriate.

**Policies and Procedures**

ATCC’s policies and procedures on equal opportunity and nondiscrimination in employment and education comply with Minnesota State Board Policy 1B.1 and Minnesota State System Procedure 1B.1.1.

Emergency Response

Alexandria Technical and Community College is required by policy and fire code to have evacuation and emergency operations in place. Evacuation plans and emergency procedures can be found in each classroom, in the student handbook and on ATCC’s website. ATCC also has a current Emergency Operations Plan based on the all-hazards concept, incorporating National Incident Management system and coordinated with the system office and local emergency response agencies. This plan is used to respond to any level of emergency impacting ATCC and outlines the responsibilities and actions necessary to protect life, property and the environment. Some of the processes and procedures are included in this report.

All significant emergencies or dangerous situations involving an immediate threat to the health or safety of students or staff occurring on the campus must immediately be reported to the Safety Coordinator. Upon receiving a report of these types of situations, the Safety Coordinator in conjunction with the President, or their designee, will determine if an immediate emergency response or evacuation procedure shall be initiated. If an emergency response or evacuation is warranted, an immediate warning will be sent out informing the campus community of this threat. Warnings will be published using the campus monitor system, class announcements,
e-mail, campus paging system, Alertus and the StarAlert/Blackboard Connect Emergency Notification System, unless issuing a notification would compromise efforts to contain the emergency.

The emergency response and evacuation procedures are updated annually and are published in ATCC’s Policy and Procedures Manual located at: http://www.alextech.edu/policies.

The emergency response and evacuation procedures are tested annually in all student occupied buildings on campus.

Emergency Notifications

Alexandria Technical and Community College will immediately notify the community when a significant emergency or dangerous situation involving an immediate threat to the health and safety of the campus community, including students, faculty and staff. This notification will be immediately initiated utilizing the college’s emergency notification systems that include, but are not limited to:

Active messaging: ATCC has the ability to address the campus through an Alertus desktop messaging system that covers all interior campus offices, classrooms and common areas.

Passive messaging: ATCC will provide emergency information via the main web page. The administration will use campus-wide mass email and any other available media such as signs and internal closed-circuit televisions to disseminate emergency notifications to students, faculty and staff.

Individual messaging: ATCC utilizes an emergency notification system branded Star Alert, provided by Blackboard Connect, which disseminates emergency notification through SMS text, direct phone calls and email, at the selection of the recipient. This is an opt in system. Students are notified of the steps to enroll in this system during orientation and during the first week of class. Student and employees are directed to opt into this system on the ATCC website at https://www.alextech.edu/about-atcc/safety-security/star-alert.

Upon enrollment or hiring students/faculty/staff are automatically enrolled in the system using the Star ID to associate them with Alexandria Technical & Community College. Students, faculty and staff are sent an automatic email, activating their account and encouraging them to enter additional phone and/or cell numbers, email addresses and selecting other deliver options for receiving emergency notifications. The emergency notification system is updated weekly.

The College also utilizes other systems such as Alertus and the ATCC e-mail system for hearing impaired faculty and staff to enhance the distribution of information.

ATCC, upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees occurring on campus:

1. An ATCC official will verify that a legitimate emergency or dangerous situation exists, even if all of the pertinent details are not known or are available at the time.
2. ATCC officials, in coordination with and at the advice of local first responders, will determine the appropriate segment(s) of the campus community to receive notification.
3. ATCC will, without delay and, taking into account the safety of the community, determine the content of the notification, unless issuing a notification will, in the professional judgement of
responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The following persons or organization(s) are responsible for emergency notification dissemination:

- The Safety Coordinator
- Director of Marketing & Communication

ATCC, after ensuring that local first responders are notified, will activate the active messaging system to provide emergency notification to the campus community. An immediate Star Alert message and Alertus banner containing pertinent emergency notification and information will be disseminated. Other passive and individual messaging will provide redundant and detailed emergency information as soon as reasonably possible. ATCC will provide follow-up information to the community as needed.

ATCC will test the emergency response and evacuation procedures annually in accordance with this policy and applicable state and federal regulations. Tests may be announced or unannounced and emergency response and evacuation procedures will be publicized in conjunction with at least one test per calendar year. Results of each test will be documented and include a description of the exercise, the date, time, and whether it was announced or unannounced. This information will be maintained in the Safety and Security Office. Records for all Clery related requirements are maintained for seven years and available upon request.

When serious crimes are reported on campus, as defined by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC 1092(f)) (Clery Act), the Safety and Security Department will distribute a “timely warning” (a crime alert) to inform the community that an incident has been reported, general information surrounding he incident, and how incidents of similar nature might be prevented in the future. The criteria for the issuance of timely warnings would include “crimes that are considered to represent a serious and/or continuing threat to students and employees.” These alerts are sent by electronic mail and Star Alert to all employees and students. In addition, a “daily crime log” listing crimes reported to the Safety and Security Department is maintained in the Safety and Security Department office and is available for public review during normal business hours.

**Timely Warnings**

In the event that a crime is reported or a situation arises, within the Alexandria Technical & Community College Clery Geography (On Campus, Public Propter and Non-campus Property), that in the judgment of the Safety Coordinator in coordination with local law enforcement, constitutes a serious or continuing threat, a campus-wide “timely warning” will be issued.

The Safety and Security Department is responsible to issue a timely warning, or “Crime Alert” to members of the campus community when serious crimes are reported on campus, as defined by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC 1092(f)) (Clery Act). The Safety and Security Department will distribute a “timely warning” (a crime alert) to inform the community that an incident has been reported, general information surrounding he incident, and how incidents of similar nature might be prevented in the future.

The criteria for the issuance of timely warnings would include “crimes that are considered to represent a serious and/or continuing threat to students and employees.” These alerts are sent by electronic mail and Star Alert to all employees and students. Timely warnings may also be posted on the campus-wide monitor screens, the ATCC
website and using the Cisco phone paging system. Timely warnings will withhold the name of victims as confidential.

Alexandria Technical & Community College is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The intent of a Timely Warning is to enable the campus community to protect themselves and will include all information that would promote safety and aid in the prevention of similar crimes or protection from specific threats.

In addition, a “daily crime log” listing Clery-related crimes reported to the Safety and Security Department is maintained in the Safety and Security Department office and is available for public review during normal business hours.

The Safety and Security Department has a strong working relationship with the Executive Vice President of Academic and Student Affairs, the Dean of Educational Services, the Dean of Law Enforcement and Manufacturing and Transportation, the Dean of Nursing and Health, the Dean of Technology and Student Financial Services, the Executive Director of the Foundation, Student Life, Human Resources, other College departments, and campus security authorities. Safety and Security works closely with these reporting authorities to ensure timely reporting of criminal information while maintaining or extending confidentiality (except where required by law or College policy).

In order to make timely warnings to the Alexandria Technical and Community College community, it is important for all faculty, staff, students, and visitors to notify the Safety and Security Department and proper authorities when a crime occurs.

Multiple efforts are made to inform the campus community in a timely manner about crime and suspicious activity, personal safety issues, and other crime-related concerns on campus and in the neighboring community. Sharing timely information educates the campus community and aids in the prevention of similar incidents. For these reasons, the Safety and Security Department and the College go beyond the reporting requirements established in the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act 20 USC 1092 (f)). The Safety and Security Department shares additional security and safety information on an on-going basis. For the latest and most up-to-date information on timely warnings, students, faculty, staff, and visitors should watch for Safety and Security Department postings, alerts and warnings and information distributed through broadcast ATCC e-mails or through Star Alert emergency notification system.

These postings describe crimes or security concerns and solicit information from the college community regarding the reported incidents. They also share important crime prevention tips, ways to report crime, and phone numbers to use to share information.

Evacuation Procedures

All faculty, staff, and students should learn the evacuation routes and stairwell locations for all campus building they frequently occupy.
