

WATER QUALITY

LECTURE SERIES

PRESENTED BY ALEXANDRIA
SENIOR COLLEGE

JANUARY 21 - FEBRUARY 11, 2025
Tuesdays & Thursdays, 3:15-5:00 PM | Live via Zoom

\$90 PER PERSON INCLUDES ALL 6 SESSIONS NO SESSION
FEBRUARY 6

Known as the "Land of 10,000 Lakes" for good reason, Minnesota's vast network of freshwater resources is essential for drinking water, agriculture, recreation, and biodiversity.

These waters face increasing threats from urbanization, agriculture, and climate change, making sustainable water management a growing concern. This 6-session virtual lecture series will explore the current state of Minnesota's water quality, highlighting both challenges and successes in conservation efforts, and what is being done to protect these vital resources for generations to come.

Presenters from:

- » Minnesota DNR
- » Minnesota Pollution Control Agency
- » University of Minnesota
- » U of M Water Resources Extension
- » U of M Sea Grant Program
